

1) The 6th hole a very challenging par 5 with its complex green protected by Laranjal's signature bunkers.  
第六洞是一个极具挑战性的5杆1洞，有着标志性的沙坑和精心设计的复杂果岭。

late spring, 2008. The opening was November, 2008. Laranjal Golf Course opened just two years after construction began.

Jorge Santana da Silva's architectural signature is modeling the land to create interesting topography. Laranjal is, without a doubt, an enjoyable experience for all golfers regardless of their ability. The course is a bold, strategic design, challenging the player to use his intelligence and test the precision of his game.

Laranjal is a beautiful golf experience. The site has been nurtured by time, sculpted by nature and expertly designed to provide a world class golfing experience. It is a sanctuary for those seeking

the finest in golf. The full spectrum of nature's bounty is evident. The golf course was designed in harmony with its environment and successfully crafted to take its position among the best in Europe, and Quinta do Lago has done an Environmental Impact Assessment along the process. The course is set amongst orange, avocado, and pine trees. Surrounding the fairways are clusters of pine, heather, broom and wild flowers. Beautiful umbrella pines and cork-oaks are mixed with a meandering stream and 6 beautiful lakes. On the 15th hole, a par 3, the green is surrounded by oaks. The par five #16 hole has two lakes forming a double dogleg. The 11th hole, a beautiful

par three, plays over the largest lake, framed by pine trees and a large beach bunker.

The golf holes were laid out to adapt to the landscape and highlight the natural aesthetics by avoiding parallel holes and routing holes in different directions. By doing this strategy is enhanced. The shorter holes are some of the most challenging, sharp in strategy and difficulty.

Laranjal is a par 72 golf course totalling 6,500 meters. It has five par 5s, eight par 4s, five par 3s. A variety of teeing areas allows different levels of golfers flexibility in terms of distance and difficulty.

|| An example of the challenge that lies ahead, Laranjal's 16th hole is defined by the large lake on the right  
 第六洞——一个障碍在前，右边的大型湖泊定义了它，第16洞的挑战

Generous greens, varied in size and configuration, allow multiple flag locations. The well defined greens require concentration and accuracy.

Numerous bunkers help players to read the course, some bunkers are small and deep while others are more traditional and larger. The hazards penalize failed aggressive play but there is room for safe bypass.

The fairways are sown with Bermudagrass for the best conditions. Penn A4 was selected for the greens to help guarantee good putting surfaces all year round. The greens are some of the best in Portugal, always fast and true but oftentimes prove to be humbling.

Laranjal is a modern course, designed to be interesting and challenging, but also sustainable and proactive to the environment. Environmental aspects are extremely important to Arch. Jorge Santana da Silva and Quinta do Lago. Thousands of native plants were planted insure the course would blend with the surrounding nature.

"It will be a surprise for a lot of people... it provokes a series of emotions from the first hole to the last. It is about the game and the strategy, as well as the aesthetics. Nobody will be indifferent to it", Arch. Santana da Silva.

Laranjal is a benchmark of quality in golf. Its unique, modern design is undoubtedly a jewel in the crown at prestigious Quinta do Lago Resort, further enhancing the reputation of Algarve as a worldwide golf destination. Laranjal won the Best Golf Course Category in the Portuguese Travel Awards 2011. After being short listed among 5 other top golf courses in Portugal, Laranjal was voted the winner at an exclusive award ceremony on September, 2011.

3 A large and curved green is the key to the 14th Hole, where golfers must perfect their short game  
一个大的弯曲绿草是第14洞的关键，高尔夫球手必须完美打出完美的短杆。

1999年，金塔纳公司邀请乔治·桑塔纳高尔夫设计公司在金塔纳设计一座高尔夫球场。项目最初被规划为一座27洞酒店和公寓的高尔夫球场。

项目坐落在阿尔加夫的鲁尔自治区，毗邻世界著名的高尔夫度假地金塔纳，周围是农作物和草本丛生的土地，东临金塔纳湖，北接松树园。距圣鲁卡机场仅10千米。

建设开始于2000年，但由于福摩萨自然公园要求减少土地开挖而被终止。经过与当局磋商之后，最终项目规模被定为拥有高尔夫学院、练习场、切球和推杆果岭的18洞球场，酒店和公寓则被取消。

2002年该项目因为该址上的电棍因而更名为拉兰札。正式建造于2006年11月开始，并且迅速完工。之后在2008年春季进行了植草与维护，到2008年11月开始对外开放。

乔治·桑塔纳的设计创造了有趣的地貌。拉兰札无疑会给所有高尔夫球手（无论球技高低）带来愉悦的体验。场地设计大胆、充满挑战，球员们必须在比赛中使用他们的智慧和精准度。拉兰札是一座美丽的球场，经过时间的洗礼和自然的雕刻以及巧妙的设计，为球员提供了一座世界级的高尔夫圣殿。得益于自然的馈赠，球场与自然环境和道共存，并成功跻身于欧洲最佳高尔夫球场之一。金塔纳公司在施工期间做了详细的环境影响评估，球场种植榉树、梨树和松树环绕，平坦的球道美

13 A hole of contracts between the white sand and the vivid green, the 3rd hole is the bunker expert's dream  
白色的沙粒和生动的草相结合，第3洞是沙坑专家的梦想乐园

展开了五彩缤纷的野麦。美丽的金松和松波疏与曲折的小径和6条美丽的河流相融合。第15洞的一个3杆洞的果岭被橡树环绕。第16洞的5杆洞周围的两条河形成一条双曲线。第11洞一个美丽的3杆洞需要绕过最大的，被框在松树和一个大海滩沙坑中。

高尔夫的球洞帮助避免平行球洞和将球洞规划在不同的方向来适应景观并突出自然美学。这样便强化了战略需求。一些短洞的处理最为困难，最具挑战性。

拉兰扎是一座72杆球场，总长6500米，有5个3杆洞，8个4杆洞和5个5杆洞。各种各样的开球区允许不同级别的高尔夫球手根据难度和难度灵活运用。

数量众多的沙坑帮助球员们阅读比赛。一些沙坑小而深，而另一些则较为大型和传统。负责巡回赛测试了激进的想法，但是仍有设置安全线路的空间。

平坦的球道上播种了最佳状态的狗牙草。果岭则选择了像B4来确保全年都有好的进球表面。这些果岭是葡萄牙最好的果岭之一。总是快速且精准，但也时常令选手在比赛中蒙羞。

拉兰扎是一座现代化的球场。设计有难度且具有挑战性，同时也是可持续发展的和对环境有前瞻性的。环境保护对乔治·桑德斯高尔夫建筑设计公司和奥塔湖来说都是至关重要。成千上万的本土植物种植确保了球场和周围自然景观的和谐。

“他将为许多人带来惊喜……从第一洞到最后洞会经历一系列的情绪起伏，它关于技巧和战略，也关于美学，没有人能例外。”

——乔治·桑塔纳高尔夫设计公司  
拉兰扎是高尔夫球场品质的象征，它独一无二。现代化的设计无疑是著名的金塔湖旅游度假区上的明珠，更加强了阿尔加夫作为世界高尔夫殿堂的声誉。拉兰扎赢得了2011葡萄牙旅游大奖最佳高尔夫球场奖，在5个顶级葡萄牙高尔夫球场候选名单中，拉兰扎在2011年9月的颁奖典礼上获胜并选票。
